Description

The 18-story tower is implanted with personality in the corner of 26 de Marzo and Osorio, adapting to the street dynamics with a large glazed plinth surrounded by a passive double-height column.

The translucent base contains the large access lobby and a commercial premises on the ground floor, as well as a first corporate floor with free layout.

A 17m wide public pedestrian walkway, carefully designed, connects both streets and separates the tower from its boundary by Osorio, improving your privacy and that of your neighbors.

At 50 meters high, a 360° terrace with wonderful views, surrounds the Premium Quality amenities: two barbecues fusions and a state-of-the-art gym.
